BANG!
CRASH!

Not this again... I'm getting really tired of cleaning up trash.

So what's the deal.
You a narc?

If you're thinking of
calling animal control
I run fast pretty fast bud.

Are you for
real?!

You're the reason I've had to keep
cleaning up my yard lately? ...

and your just standing there
asking if I'm a 'narc'?

You've got the best can
on this street...

Why do you throw away
all this good grub anyway?

This can't be
real . . .

I must
be dreaming

Best can on the street huh?

I don't cook much, get a lot of take away and always have way too much leftovers.

My name's James

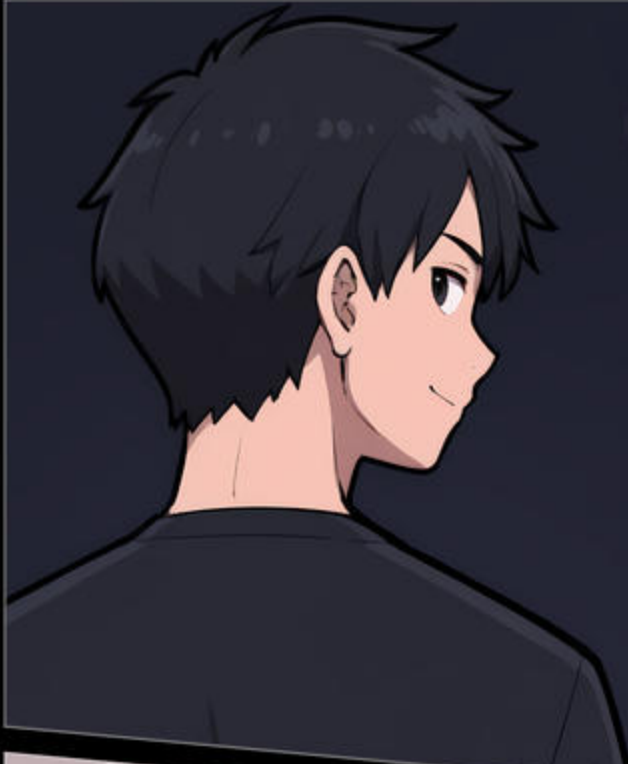

What's this guys deal.

He's so friendly.

...

Naomi

Do you want to
come inside?

If you think that's
good you should see
the fridge.

Are you serious ! ?

*stay alert Naomi
this could be some
kind of trap ...*

If it keeps you
from digging through
my trash...

Then yep

So far so good. No dead bodies, looks pretty normal . . .

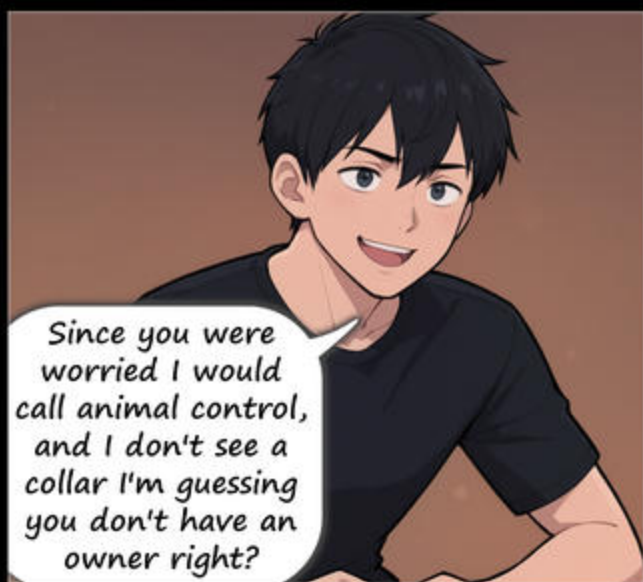

MUNCH!

MUNCH!

Since you were worried I would call animal control, and I don't see a collar I'm guessing you don't have an owner right?

I've been on my own for a long time. It's though being a hybrid in this world. You learn how to stay safe, how to survive.

Besides... It's always the Puppy and Cat girls that get the attention anyway.

I can't say I've met many Raccoon Girls before.

For what ever it's wotrth though I think it's pretty awesome you're different.

Not to mention really cute.

Can he tell I'm blushing??

Did he just call me cute?

Oh god I can feel my tail getting excited...

Hey calm down back there!

I get it! He's handsome, kind and we haven't had any action in awhile ...

Typical guy, like no decor haha...
Bed looks comfy as hell though.

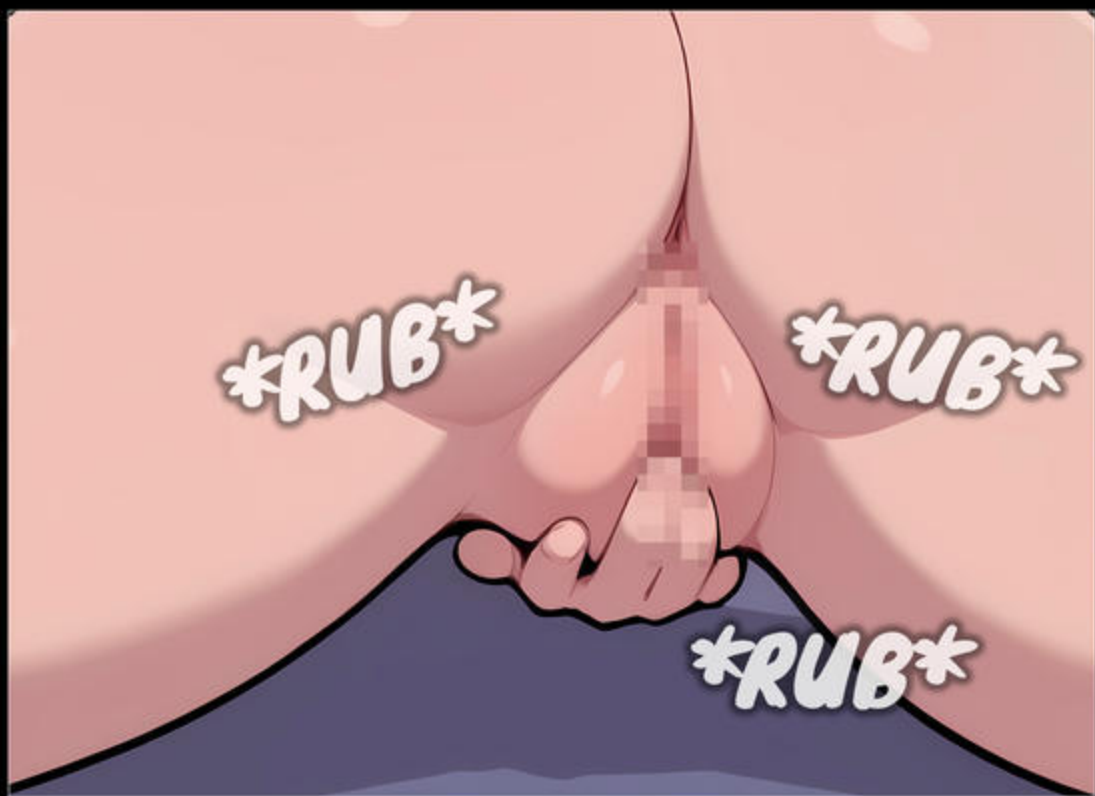

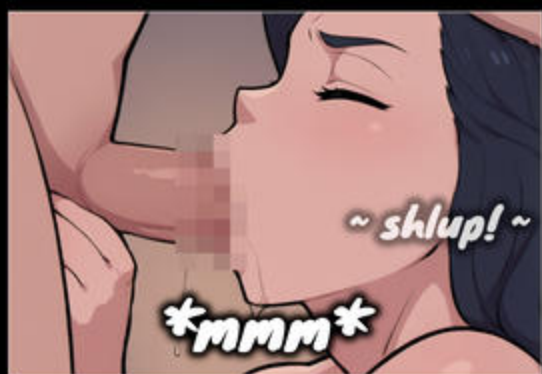

Hey, thanks for the food
and a fun night. Most
people chase me off . . .

plap

~slide~

He's so hard!

Oh, yes, yes!
Fuck me harder human...

SLAM!

thrust
thrust

Fuck. Fuck. Fuck.
So deep.

I can't believe how wet
I am... It's dripping!

PLAP!
PLAP!
PLAP!

Thank You

Welcome to the world of Dream Shaper Pets (DSP)

Step into an alternate universe. In a dystopian future with rampant government and corporate corruption the DSP Corporation has become a world leader in the creation and mass production of human animal hybrids known as PetGirls®. Thanks to intense lobbying and deregulation the PetGirls® were classified as the property of DSP much like how genetically modified plant crops work in our world. This enabled the sale and ownership to the buying public, for better or for worst.

As public and private sector demand exploded for PetGirls® so did the DSP Corporations perverse power. This soon spawned the creation of several subsidiaries to facilitate their vision. Kennels, farms, labs and training centers were all created under the DSP umbrella to tailor PetGirls® to any client's specifications and needs.

The DSP universe is similar to ours in the fact that some people fight to change the system. The resistance has created a widely dynamic range of existences and conditions for PetGirls®. Pockets of communities can be found allowing them freedom and integration into general society. No matter where you stand on the ethical issues they were created one thing is seems for certain. Like it or not DSP and PetGirls® are here to stay.
